

USEF Affiliate Photo Library Project

Guidelines for submitting photos for consideration for the USEF Affiliate Photo Library:

- Desirable photos will highlight the *Joy* horses bring into our lives. Those that depict the diversity (e.g. age, gender, race, physical ability, veteran status, etc) of the people who participate in equestrian sport, as well as behind-the-scenes at horse shows, coaching, horse husbandry and care, and grassroots shots will be given preference.
- * To be eligible for the USEF library, riders/drivers in photos must be shown wearing helmets if mounted/driving, unless in show/show attire in which a helmet is optional.
- The photograph(s) must be of an *IALHA registered horse* and the person submitting must be an *IALHA member*.
- One **photo submission form** must accompany each photo subject(s)/photographer combination.
- If a photo(s) is not taken at a USEF-licensed competition (for which photo permission was obtained with entry), contact the individual(s) and horse owner(s) to obtain permission to use their likenesses in US Equestrian promotions.
- Photos must be at least **300 dpi in resolution and 4" x 6" in size** (1200 pixels x 1800 pixels); larger images are preferable.
- Highly edited ("photoshopped"), scanned, screen shot, photo proofs, or cell phone photos will not be accepted.
- Entries for this project will be accepted through **October 1st, 2020**.

Procedure:

- Email each high resolution photo and the corresponding completed form to: marketing@ialha.org
- If more than one entry is received that meet specifications for a particular discipline, style, etc, the IALHA Marketing and Publications committee will decide which are most appropriate to submit to USEF. Selections made by the committees are final.
- If a particular entry meets the qualifications for both the IALHA 2021 Calendar contest as well as the USEF photo library, please indicate that you would like it cross-entered, and include both entry forms with your email.
