MISC	Foreign Postage Surcharge mailing outside US			*Calculated at time of registration		
<p>*Non refundable. Expedited means processing of registration or transfer will be given priority & begin ASAP, typically within one business day. Processing depends heavily on timely receipt of items necessary for completion. (e.g. signatures, bill of sale, adequate photographs, DNA, microchipping, etc.) We will do our best, but will not take shortcuts which would compromise the quality of our process. Therefore receipt of certificate(s) by a deadline is not guaranteed.</p>
